

## Save the Date!

The Canadian Centre for Victims of Torture in partnership with Thorncliffe Neighbourhood Office invites you to our upcoming workshop:

# Trauma Informed Care and Services

### Workshop Objectives:

- **EXPAND KNOWLEDGE** about the practice of torture and organized violence and its effects on individuals, families and communities
- **PROVIDE INFORMATION** on supportive practices and holistic systems of care for survivors
- **STRENGTHEN SKILLS** needed to assist survivors of torture and organized violence during the settlement process in Canada
- **FACILITATE THE EXCHANGE** of supportive strategies and interventions and to reinforce community networks
- **INFORM ON THE CONCEPT OF VICARIOUS TRAUMATIZATION** and discuss and assist on its impact in the delivery of services

### Expected Outcomes:

Participants will share and increase their knowledge on the topic of trauma informed care. It is expected that the participants will understand trauma informed care as a field of knowledge that requires the following:

Continuous education  
Awareness of ones context and boundaries  
Developing a multidisciplinary approach  
Network of resources and support  
Self-care techniques

Full day participants will be issued a workshop attendance certificate

### Time and Date:

**Tuesday, March 21st**  
**from 9:00 am—4:00 pm**

**Location TBA**
